59. For the third greatest Quantity, (not less than one Acre) three Pounds.

The Certificates to be produced on or before the second *Wednesday* in *December* 1764.

Burnet.

60. The Society being informed that Burnet grows on every Soil, continues in Sap all the Year, and is a Food very agreeable to Cattle, especially to Horses; will give to the Person who shall raise it on the greatest Quantity of Land, (not less than three Acres) twenty Pounds.

61. On the second greatest Quantity of Land, (not less than two Acres) fifteen Pounds.

62. On the third greatest Quantity of Land, (not less than one Acre) ten Pounds.

The Society expects that each Claimant shall give an Account of the Manner of Culture and Produce.

Certificates of the Number of Acres to be produced on or before the second *Tuesday* in *January* 1765.

N. B. All Persons intending to cultivate Burnet may be supplied with the Seed, and receive Instructions for the Culture of it, from Mr. *Rotques*, of *Walbam Green* near *Fulham*.

Clean Grass. 63. To the Person who shall grow and
Seed threshed. produce to the Society, on or before the first
of

of *November* 1763, the greatest Quantity of the cleanest Grass Seed, threshed from Hay that has stood till ripe, (not less than ten Sacks) twenty Pounds.

N. B. Rye Grass to be excepted.

64. For the next greatest Quantity, (not less than five Sacks) ten Pounds.

The Premiums to be determined by the Cleanness and Quantity of the Seed.

Certificates will be required signed by the Minister and Church-wardens of the Parish, that the Field which produced the Seed was weeded in the Spring of the Year, and that the Hay stood till ripe before it was mowed; also that the Field has not been manured with Dung for one Year, previous to the gathering the Seed.

65. As there are eight or ten different Grass Seed Species of natural *English* Grasses greatly gathered by preferable to all others; the Society will Hand. give the Sum of five Pounds for the greatest Quantity, not less than ten Pounds weight of each Species gathered by the Hand, when ripe and perfect; to be produced to the Society on or before the first Day of *November* 1763.

N. B. Rye Grass to be excepted.

N. B. The Society do not mean that any one Person shall be required to produce all the different Species, as the greatest Quantity of any one Grass will intitle the Candidate to a Premium of five Pounds. Nor has the Society thought proper to specify the Names of the Grasses they require, as they have various Names in the different Parts of the Kingdom.

C

None

None of the Kinds of Grass Seeds will be admitted for the Claim of this Premium, but such as are really useful and valuable.

A few Plants of each Kind of Grass with the Seed growing on them must be sent along with every Quantity of the Seed.

Culture of
Wheat.

66. It not being yet ascertained by sufficient Trials, whether sowing in broad Cast or in Drills, Horse-hoeing the Intervals, be the most profitable Method of cultivating Wheat, the Society will give to the Person who shall produce an Account of the most profitable Method of cultivating it, confirmed by Experiments, in which a Comparison must be made between the two Methods, and an Account must be given of the Soils in which each Method promises the best Success; a Gold Medal.

Rye.

67. The like Premium will be given for an Account of the most profitable Method of cultivating Rye as above.

Oats.

68. Also for Oats as above, the like Premium.

Barley.

69. And likewise for Barley as above, the like Premium.

The Candidates must deliver in their Accounts on or before the first *Tuesday* in *December* 1765.

Lucerne,
Sainfoin,
Carrots, &c.

70. 71. 72. 73. 74. 75. 76. 77. 78. The like Premiums will be given, and on the same Conditions, to the Persons who shall produce the best Accounts of the most profitable Method of cultivating each of the following Articles, *viz.* Lucerne, Sainfoin, Carrots, Parsneps, Parsley, Turneps, Beans, Peas, and Tares or Vetches.

N. B.

N. B. The Society expects that the Places shall be specified where such Experiments were made, and that the Experiment in the broad Cast, and in the Horse-hoeing Method be made on the same kind of Soil, and as contiguous as may be.

The Premiums for the above-mentioned Articles, are extended to *Scotland* and *Ireland*, and also to the *British* Colonies on the Continent of *North America*.

79. For sowing with Juniper Berries the greatest Quantity of Land in *England* or *Wales*, (not less than six Acres) before the first Day of *November* 1763, the same being properly fenced and secured; the Sum of Forty Pounds.

80. For the second greatest Quantity of Land so sown, fenced and secured, (not less than four Acres) the Sum of thirty Pounds.

81. For the third greatest Quantity of Land so sown, fenced and secured, (not less than two Acres) the Sum of fifteen Pounds.

Certificates under the Hands of the Minister and Church-wardens of the Parish, or of two or more of the principal Inhabitants in the Neighbourhood, that such Land was so sown, and fenced or secured, as also that the Juniper Plants raised from such Seed are actually growing, and in a thriving State at the Time of the making such Certificate, must be sent to the Society on or before the second *Wednesday* in *November* 1764.

N. B. It is expected that the Berries be
C 2 sown

sown in Drills, at the distance of four feet from each other.

Madder.

82. The Society do hereby certify, that they will give the Sum of five Pounds for every Acre of Land planted with Madder, as far as one hundred Acres, in *England* or *Wales*; but in case there should be Claimants for more than one hundred Acres, then the Sum of five hundred Pounds to be divided amongst the Claimants, in proportion for every Acre of each respective Claimant. It is required that the Plant be of the Growth of *England* or *Wales*, and that not less than twenty thousand Plants be set on every Acre. The Time appointed for the planting of the Sets is to be from *March* 1763, to *March* 1764. Proper Certificates of all these Conditions are to be sent to, and received by the Secretary of the Society, on or before the first *Tuesday* in *May* 1764, inclusive; after which Day no Certificates or Claimants will be allowed of.

N. B. Receipts of the Purchase of the Plants, if not of their own Growth, as well as the above-mentioned Certificates, are to be produced.

83. The like Premiums will be given on the same Conditions for planting Madder, for the Year 1765, the Time appointed for the planting of the Sets is to be from the thirty-first Day of *March* 1764, to the thirty-first Day of *March* 1765, and Certificates to be produced on or before the first *Tuesday* in *May* 1765.

Hemp.

Whereas the Growth and Preparation of Hemp in this Kingdom, for Sail-Cloth and Cordage,

Cordage, and more particularly for the latter, are thought to be Objects extremely deserving the Attention and Encouragement of this Society; it is proposed to give the Sum of seven hundred Pounds, in order to encourage the raising thereof in all Parts of *England* and *Wales*; to which end the aforesaid Sum shall be divided into seven Parts, or Shares of one hundred Pounds each, to be allotted to so many Divisions of the Kingdom, viz.

84- The Society will give to the Person
 who shall sow with Hemp the greatest
 Quantity of Land, not less than twenty
 Acres, Statute Measure, in any of the
 above Divisions in the Year 1763, the
 Land being properly Winter or Summer
 fallowed

fallowed and manured, and shall at the proper Season pluck or cause to be plucked the Summer Hemp, and continue the Winter Hemp on the Ground until the Seed is ripe ; forty Pounds.

85. To the Person who shall sow in any Division the Second greatest Quantity of Land, (not less than fifteen Acres) in the same Year, and on the above Conditions ; thirty Pounds.

86. To the Person who shall sow the third greatest Quantity, (not less than ten Acres) twenty Pounds.

87. To the Person who shall sow the fourth greatest Quantity, (not less than five Acres) ten Pounds.

The Certificates properly vouched by the Minister and Church-wardens of the Parish where the Hemp is grown, to be produced on or before the second *Tuesday* in *February* 1764, with an exact Survey of the Ground annexed. No Person will be allowed to receive more than one Premium within one and the same Division.

N. B. It is not intended by this Advertisement to prevent the Grower from felling the Crop, or any Part of it, on the Ground, provided the same be plucked according to the Terms of this Advertisement.

88, 89, 90, 91. The like Premiums will be given, and on the same Conditions, for the Year 1764 ; Certificates to be produced on or before the second *Tuesday* in *February* 1765.

92. For producing the best and cheapest Composts or Compost Manures.

Compost or Manure that will loosen the adhesive Quality of barren clayey Ground, prevent its Adhesion after Rain, and give it the greatest Fertility; a Gold Medal.

N. B. " That the Quantity of Clay Soil
 " upon which such Manures are used, be
 " not less than half an Acre; that an
 " equal Number of the same Land un-
 " manured be sowed with an equal Quan-
 " tity of the same Kind of Grain with that
 " so manured, that the Difference of the
 " Produce may be known, and the Im-
 " provement ascertained, and that both
 " Parcels of Land be tilled in the same
 " Manner."

Bee-hives.

93. To the Person who shall be possessed with the greatest Number of Hives, or Boxes of his own raising stocked with Bees, (not less than thirty) on the last *Tuesday* in *December* 1763; a Gold Medal.

94. For the second greatest Number, a Silver Medal.

The Certificates to be delivered on or before the last *Tuesday* in *February* 1764.

95, 96. The like Premiums will be given to the Person who shall be possessed with the greatest Number of Hives, or Boxes of his own raising stocked with Bees, (not less than thirty) on the last *Tuesday* in *December* 1764. The Certificates to be delivered on or before the last *Tuesday* in *February* 1765.

97. A Premium of eighty Pounds will be given to the Person who shall have in his Possession, being his own Property, the greatest Number of Stocks of Bees in
 Hives

Hives or Boxes, not less than four hundred Stocks.

98. A second Premium of fifty Pounds will be given to the Person who shall have in his Possession, being his own Property, the next greatest Number of Stocks of Bees in Hives or Boxes, not less than three hundred Stocks.

99. A third Premium of thirty Pounds will be given to the Person who shall have in his Possession, being his own Property, the next greatest Number of Stocks of Bees in Hives or Boxes, not less than two hundred Stocks.

100. And a fourth Premium of ten Pounds will be given to the Person who shall have in his Possession, being his own Property, the next greatest Number of Stocks of Bees in Hives or Boxes, not less than one hundred Stocks.

The Candidates must be possessed of the Stocks of Bees as above stated, on or before the first Day of *September* 1764, and each Candidate must prove by his Certificate, that his whole Number of Stocks on which he founds his Claim lie within the Compass of three Miles, and that they are all his own Property; which Certificate must be signed by the Minister and Churchwardens of the Parish where the Apiaries are, or by two or more principal Inhabitants of the Neighbourhood, who have actually seen the Number of Stocks on which the Claim is founded, and the Certificate must be sent to the Secretary of
D the

the Society on or before the last *Wednesday* of *October* 1764.

N. B. The Sides of Commons, if producing plentifully Heath, Flather, Broom, wild Thyme, or such like sweet-flowering Plants, and sheltered by contiguous Hills and Woods from the North and East, are by Experience found to be proper Situations for very great Apiaries; also Commons near the Sea are found to be particularly favourable Situations for this Purpose.

N. B. The same Person cannot be a Claimant both for the honorary and pecuniary Premiums; the Choice is left to the Candidate.

PREMIUMS FOR DISCOVERIES AND IMPROVEMENTS IN CHEMISTRY, DYING AND MINERALOGY.

Provincial
Gardens.

369. As the setting apart proper Spots of Land in our Colonies in *North America*, as Gardens or Nurseries for the making Experiments in raising such rare and useful Plants as are not the spontaneous Growth of this Kingdom, or of the said Colonies, as well as for receiving such as are the Produce of *America*, but at present not commonly known; and the appointing proper Persons to superintend such Gardens or Nurseries, may be of great publick Utility in furnishing a Variety of Articles of Commerce, necessary for Manufactures, Medicine, or otherways, (which we are now obliged to take from foreign Nations) thereby laying the Foundation for a more extensive

extensive Culture of them; the Society desirous of promoting this Object as far as lies within their Province, and the Nature of their Design, do hereby declare, that in case the Legislatures of any of the said Colonies, or any other incorporate Bodies, shall think fit to encourage such Undertakings by public Grant, or private Contributions, the Society will, from Time to Time, as Experiments made in such Gardens shall succeed in the Production of any Article of publick Use, give proper Premiums for the more extensive Production of such, to the Benefit of the Trade and Commerce of this Kingdom.

PREMIUMS FOR FISHERIES.

In order to promote and establish a Turbot Turbot Fishery by *British* Subjects, the Society for the Encouragement of Arts, Manufactures, and Commerce, propose to give

370. For every hundred Turbots of five score to the hundred, (not less in Size than sixteen Inches from Eye to Fork) caught with Hooks and Lines by *British* Subjects, and brought to *London* or *Westminster* for publick Sale, between the first Day of *May* 1763, and the 31st Day of *August* following, both inclusive, and in a saleable Condition; fifty Shillings.

371. Likewise for every hundred Turbots under sixteen Inches, (and not less than ten Inches from Eye to Fork) caught

L

and

and brought as aforesaid ; twenty-five Shillings.

The said Premiums of fifty Shillings and twenty-five Shillings to be payable to the Master of the Vessel, within one Month after the abovementioned four Months.

But it is provided, that in case the general Quantities taken during the Time abovementioned of four Months, should be such as should be entitled on the whole to more than five hundred Pounds, the Society then limit the Premiums aforesaid to that Sum ; and in such Case, the Sum of five hundred Pounds shall be divided in Proportions, according to the Quantities and Size of the Fish caught by each Vessel.

Any Master claiming the above Premiums, or either of them, shall, from Time to Time give Notice on his Arrival, by Letter to the Secretary of the Society, containing an Account of the Name of the Vessel, the Quantities and Sizes of the Fish caught, the Time when, and Place where such Fish were caught, with the Names of all the Crew who were at the catching of the said Fish, and signed by the Master and one third of them at least, and likewise such Affidavits or other satisfactory Proof as may be required by the Society.

Stock Fish.

372. To every Person who shall, on or before the last Day of *December* 1764, import into the Port of *London* any Quantity, (not less than one hundred Pounds Weight) of good and merchantable Stock Fish, caught by *British* Subjects, in any Part of his

his Majesty's Dominions in *Europe* or *America*, and shall produce a Sample thereof to the Society, (not less than six Fish) the Sum of fifteen Guineas; but in case there should be more than six Candidates offer for this Premium, then the Sum of one hundred Guineas only will be equally divided among all such Candidates.

N. B. Certificates under the Hand and Seal of some known Magistrate, or chief Officer of the County, Parish, Precinct, Township, or other Division of the Colony, Island, or County where such Fish were cured, that the Fish were cured in his Majesty's Dominions, must be produced to the Society with the above Samples, on or before the said last Day of *December* 1764.

373. The like Premium will be given, upon the same Conditions, to the Person who shall produce any Quantity, (not less than one hundred Pounds Weight) on or before the last Day of *December* 1765.

The Method of Cure.

The Fish being caught in Winter, must be gutted, the Head taken off, the Blood carefully squeezed out and cleansed from the Back Bone, then washed in Salt Water, and hung up in Sheds to be kept free from being wet, and there to be frozen till they be perfectly dry.

374. A Premium of thirty Pounds will Scollops, or be given to the Person who shall establish Frills. a Bed, and lay alive therein, the greatest Number of Scollops or Frills, of the large eatable Kind, (not less than three thousand)

in any River, Creek, or Part of the Shore, not further from *London* than fifteen Leagues beyond *Sheerness*, or ten Leagues beyond *Harwich*, on or before the thirtieth Day of *November* next.

375. For the next greatest Number, placed in a Bed in like Manner, (not less than two thousand) twenty Pounds.

Satisfactory Certificates from the Masters of the Vessels who bring them, as to Quantity and good Condition, and of two principal Inhabitants or creditable Persons, that such Beds were established, the Scollops laid alive therein, and are secured, so as to continue there for the future Brood or increase of such Scollops, must be produced to the Society on or before the tenth Day of *January* 1764.

N. B. No Premium will in any Case be given, unless the Performance be deemed by the Society to have sufficient Merit to deserve Encouragement; and the Society reserve to themselves the Power of giving in all Cases such Part only of any Premium as the Performance shall be judged to deserve.

It is required, in all Cases where it can be done, that the Matters for which Premiums are offered, be delivered in without Names, or any Intimation to whom they belong, that each particular Thing be marked in what Manner each Claimant thinks fit, he or she sending with it a Paper sealed up, having on the Outside a corresponding Mark, and on the Inside the Claimant's Name and Address.

No Papers shall be opened but such as gain Premiums, all the rest shall be returned unopened, with the Matters to which they belong, if enquired after by their Marks within half a Year; after which Time, if not demanded, they shall be publickly burnt unopened, at some Meeting of the Society.

Whereas there are Societies for the Encouragement of Arts, Manufactures, and Commerce, in that Part of *Great Britain* called *Scotland*, and also in *Ireland*; therefore all the Premiums of this Society are designed for that Part of *Great Britain* called *England*, the Dominion of *Wales*, and Town of *Berwick* upon *Tweed*, unless expressly mentioned to the contrary; and the Claims shall be determined as soon as possible after the Delivery of the Specimens. Proper Affidavits of such Certificates as the Society shall require, are to be produced on every Article.

All Matters, for which the Society proposes Premiums, must be begun after the Publication of such Premiums, unless there be a particular Exception in the said Publication.

No Person will be admitted a Candidate for any Premium offered by the Society, who has obtained a Patent for the exclusive Right of making or performing any thing for which such Premium is offered.

By ORDER of the SOCIETY,
PETER TEMPLEMAN, Secretary.

Note,

Note, Any Information or Advice, that may forward the Designs of this Society for the Publick Good, will be received thankfully, and duly considered, if communicated by Letter, directed to Dr. Templeman, the Secretary, at the Society's Office, opposite Beaufort-Buildings in the Strand, LONDON.

N. B. The Society for the Encouragement of Arts, Manufactures and Commerce, having resolved to permit an Exhibition of Polite Arts for the next Year; Notice is hereby given to the Artists of Great Britain and Ireland, in order that they may prepare for the same, that the said Exhibition will commence soon after the twenty-fifth of March 1764. And all Artists are desired to send in an Account of the Pieces they intend to exhibit, with the Dimensions thereof, signed with their Names and Places of Abode, directed to the Register, at the Society's Office in the Strand, by a Day that will in due Time be advertised by the Society for such Purpose.

The Regulations respecting the Artists are as follow, viz.

The Time of the Exhibition is not to exceed four Weeks, and in those Weeks the Wednesdays to be excepted, those Days being the Meetings of the Society. The four Weeks Exhibition is to be within the Time in which the Pictures painted for the Premiums are hung up after their Decision.

A Committee of this Society will have Power to examine all such Pieces as shall be sent in for the Exhibition, and to reject such as shall be deemed improper.

The

The Forming and Printing the Catalogues are left to the Artists who send in Pieces to the Exhibition, and, being printed in a decent Manner, they are permitted to sell the same at a Price not exceeding Six-pence.

And the Money arising from the Sale of the said Catalogues, after the incidental Expences have been provided for, shall be applied by the said Exhibitors, to the present or future Relief of such among themselves, or their Widows and Children, as may from Time to Time become proper Objects of such Relief.

All other Regulations, Matters and Things whatever, concerning the Exhibition, will be done by and under the Directions of the Society and their Committee.
